Eastside Master Plan

Public Invited to Participate in Online Survey

EL PASO, Texas – The City of El Paso is seeking public input, particularly from far East El Paso residents, for its comprehensive Eastside Master Plan study.

The Eastside Master Plan is being developed to evaluate and provide recommendations on municipal facilities, thoroughfares, and other infrastructure within the study area and provide tools and key policies to manage growth and development throughout the city. The master plan will help ensure that East El Paso is developed in an orderly, efficient, and cost-effective manner.

The City invites the public to participate in the online survey available through the City's homepage at elpasotexas.gov by clicking the project's banner or directly at www.elpasotexas.gov/emp. Submissions must be received by February 10, 2019.

The survey follows a series of community meetings held in late 2018 design to capture public feedback to help shape the recommendations for the comprehensive master plan for East El Paso.
